REMARKS

Claims 50-57 are pending in the subject applications. No claims have been added, canceled, or amended herein. Accordingly, claims 50-57 are still pending and under examination.

In view of the arguments set forth below, applicants maintain that the Examiner's outstanding rejection has been overcome and respectfully requests that the Examiner reconsider and withdraw same.

Rejection Under 35 U.S.C. §103(a)

The Examiner rejected claims 50-57 under 35 U.S.C. §103(a) as allegedly unpatentable over Columbo (J. of Immunology) in view of Mohammadi (Science).

In response to the Examiner's rejection of claims 50-57, applicant respectfully traverses, and maintains that the Examiner has failed to establish a *prima facie* case of obviousness against the rejected claims.

Applicant's traversal is based on the remarks set forth in the July 14, 2004 Communication in response to the April 14, 2004 Final Office Action, which remarks are incorporated herein by reference.

Applicant again maintains that claims 50-57 satisfy the requirements of 35 U.S.C. §103(a).
